Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 05 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy with wintry showers, feeling cold.

Today:
Westernmost areas seeing the best of any bright and dry spells, while wintry showers are going to linger in the east, bringing some sleet and snow. Feeling cold, with brisk winds. Maximum temperature 4 deg C (39 deg F).

Tonight:
Wintry showers continue for eastern areas overnight, with western coasts remaining largely dry, but the odd patchy shower is possible. Feeling cold, with clear spells bringing a frost. Minimum temperature -3 deg C (27 deg F).

Wednesday:
Wintry showers continue through the morning, before easing as the day goes on. Patchy cloud and sunny spells throughout, but remaining cold and windy. Maximum temperature 4 deg C (39 deg F).

Outlook for Thursday to Saturday:
Perhaps some wet weather early on Thursday, otherwise remaining largely dry with some sunny spells. Cold with some lingering frost, and patchy freezing fog in places.
